## Sponsorship options

---

As a non-profit organisation, BMUC wants to further expand its role of promoting multidisciplinary collaboration in the field of uro-oncology.

In 2021, BMUC wants to offer the following:

- **online presence** with an association portal website.
- **2 post conference meetings** on different locations in the country (locations to be confirmed) with a urologist, oncologist and RT presenting their congress highlights in the field of prostate, bladder and renal cancer. Physicians from various disciplines will be invited.

### Return of investment:

- Exclusive presence of sponsor at both meetings (1 person per company per meeting, non-sponsors are not allowed)
- Acknowledgement as a sponsor both online, in communication and onsite
- Allowed to bring one roll-up banner per location (so 2 in total), standard size of approx. 85x200cm
- Allowed to invite delegates (we will create an invitation with programme, faculty, etc) to the meetings

- **3 Preceptorships** on different locations in the country (Antwerp, Ghent and Liège) with case discussions as well as update lectures in the field of prostate, bladder and renal cancer. A small group of +/- 25 physicians from various disciplines (medical oncologists, urologists, radiation oncologists and other colleagues involved in uro-oncology) will be invited, with the focus on young colleagues. Each of these preceptorships can be supported by 3 sponsors.

### Return of investment:

- Exclusive presence of 1 company person for the entire programme (non-sponsors are not allowed)
- Acknowledgement as a sponsor both online, in communication and onsite
- Allowed to bring one roll-up banner, standard size of approx. 85x200cm
- Allowed to invite about 8 delegates (an invitation with programme, faculty, etc will be created) to the meetings, to be decided together with chairman of the meeting in order to avoid overlap of registrations
- Allowed to have a 5-minute scientific presentation during the meeting

While these different topics can be supported on a single basis, having been sponsor of the annual BMUC congress is an absolute condition to access these extra topics.

**The highest level of sponsorship “Platinum Corporate sponsorship” is awarded to sponsors reaching 25K euro on an annual basis.**
