

BMUC 2025 **INVITATION**

16 & 17 May 2025
Holiday Inn Brussel Airport Hotel

bmuc.be/bmuc2025

Introduction

Dear colleagues,

We are pleased to invite you to the 12th edition of BMUC (Belgian Multidisciplinary Meeting on Urological Cancers), taking place on Friday afternoon 16 May and Saturday morning 17 May 2025 in the beautiful Holiday Inn Brussel Airport Hotel in Brussels.

Before the start of the official BMUC programme on Friday afternoon, the “Clinical trial meeting” is scheduled for colleagues interested in developing/collaborating in academic trials.

We will start this interactive meeting officially at 15:00 with two sessions on renal cell carcinoma. These sessions will be given by renowned national and international experts and will be discussed afterwards.

After the break we will continue with two sessions on bladder and testis. We end our day with a meet-the-expert dinner.

On Saturday morning, the official programme will start at 09:00. On this day, we have the ‘Late breaking sessions on uro-oncology’ and lectures on ‘Supportive care and quality of life’ by experts in the field. After the coffee break, the poster prize will be handed out to the abstract winner and we end our meeting with a session on prostate cancer, followed by a walking lunch.

Residents, students and nurses can book an overnight stay at the reduced price of 10 euro, a price of 70 euro will apply for physicians.

It is our goal to unite medical oncologists, urologists, radiation oncologists and other colleagues involved in GU oncology at this 12th BMUC meeting, as we are all working together to offer the best treatment options to our cancer patients.

We look forward to welcoming you in Brussels for an exciting high-level meeting on 16 & 17 May 2025.

Siska Van Bruwaene, president of BMUC

Scientific committee

Urologists: Wouter Everaerts, Siska Van Bruwaene, Julien Van Damme
